## Christmas is not cancelled

Dear Friends,

The phrase 'It'll be over by Christmas' has been around since World War 1, but it has re-emerged this year thanks to Coronavirus and the Prime Minister. Sadly the reality in 2020, as in 1914, is somewhat different and there is no doubt that it will have a profound effect on how we mark and celebrate Jesus' birth this year. But one thing is for sure – Christmas is **not** cancelled, and neither is the Good News at the heart of it any different!

Two things which I have reflected upon amongst you previously this year speak to my understanding of what we celebrate at Christmas. There was the statement from a former prisoner saying, "A lot of people can now relate to where I have been. In the same way I can now relate to their fears and insecurity." Lockdown, for all that it is hard and unwanted, has perhaps offered unexpected opportunities to empathise with the experience of others – Terry Waite has made this point out of his experience.

Similarly, on Remembrance Sunday I contrasted the modern practice of 'othering' – defining one's opponents in such a way as to separate you from them – with God's approach of 'de-othering' by being in Jesus to work for the 'at-one-ment' of all. And, for me, that begins – and perhaps ends – with the incarnation. Because this is so much more than God "relating to where we have been" or feeling empathy with the human experience – it is God becoming "flesh of our flesh and bone of our bone", or a Charles Wesley puts it, "Our God contracted to a span incomprehensibly made man."

I find in these two examples powerful illustrations of what is at the heart of the Christian gospel – what John's gospel expresses as "The Word became flesh and dwelt among us, full of grace and truth." And while this year may be a low-key and stripped-back celebration, perhaps it will help us glimpse its essential truth and see a very human story of vulnerability and openness to God, of hospitality and welcome, and to living in response to government edicts. So, my prayer for us all is that the essential truth of 'God with us' will become a fresh reality that we can treasure in our hearts.

With every blessing for Advent and Christmas,

*Keith Albans, Methodist Minister*

## Mapping the peaks

Friends,

Last week our family received some terrible news. To round off 2020 (a year that, had it been a scented candle, would carry l'odeur of a slurry lake at one of our local farms), our beloved car spectacularly failed its MOT. After some ten years of fun and frolics, (Citroen) Picasso ain't painting no more.

All this happened to coincide with my annual retreat, which is one of the great privileges of being a priest. Usually I would hole up somewhere like a monastery, and enter into the rhythm of prayer and silence, but this is 2020 and not much is usual. So, with nowhere to go, I decided to take a long walk each day, either town or country, and spend time in recollection, to wonder as I wandered. Having chosen to scrap our faithful friend (and, yes, it did have a slight whiff of taking a much loved furry companion to the vet for a final visit), I made the positive choice to not mourn the loss (or be frustrated by the cost), but to celebrate a passing.

For a whole day I recalled all the family holidays over the past decade where our car had transported us, and the fun we had, often with friends or family: Skye, Wick, Ullapool and Inverness; Derry, Dublin and Dingle; Penzance, Snowdonia, Buxton and Jedburgh; Bilbao and Santander; Sienna, Florence, Assisi and Rome; and somewhere entirely forgettable in France, apparently, of which I have no memory at all - sorry!

To look back fondly on the adventures of a growing family brought great joy from a situation that may have summonsed annoyance, and I was deeply grateful. The really interesting question now is whether one can do the same for 2020? When I plot the route of memory through the year, I could count the cost, the inconvenience, the disruption and separation (though I openly admit to having travelled more unscathed than some others, and my heart truly goes out to those who have lost work or opportunity or even family), or I can count the blessings, joys, moments of grace and gift. They will all be there in the mix, and none of it is denied, but as the year draws to a close, do I choose to map the peaks or the troughs? Perhaps we know which will bring greater joy.

May this pandemic pass and the children of the earth come out to play once more. And to each and every one of you, I wish you peace and love, and a blessed New Year.

*Nick Bird, Your Rector*

## Dunnington Methodist Church

Christmas is all about surprises, usually the kind we love: surprise gifts, surprise visits, surprise hugs and kisses; but 2020 has been another sort of surprise entirely! This year we will only have seen each other once (physically) during Advent and the Christmas season, although we have been blessed by the gift of technology enabling us to keep in contact in other ways.

As a church we try to focus on the greatest surprise of all, the birth of a tiny and helpless baby, at a time when many of us have felt 'tiny and helpless' I am sure. I have read that when John Wesley was near to death he cried out the words "The best of all is God is with us". Good words for the worst of times!!

As we move on into 2021 we will continue to keep in contact via technology and by the delivery of paper copies of services and the newsletter. A special thank you to Diane who does all the deliveries and to Victoria and the team who produce the Newsletter. Happy birthday to the Grapevine too!

## Online

Throughout lockdown we have been posting a weekly Sunday worship service on our YouTube channel [www.youtube.com/channel/UC\\_10sXmB7N5CKsD60\\_eRXjg](http://www.youtube.com/channel/UC_10sXmB7N5CKsD60_eRXjg) (or go to youtube.com and search for 'St Nicholas Church').

## The Children's Society

The Children's Society last year received £1.2 million from Christingle services. If you can support the Society's work with vulnerable children please do so via our Christingle fundraising page <https://thyg.uk/CUS048186> or you can leave a donation at The Rectory in Dunnington or with Ennis Tweddle in Stockton in a marked envelope. Every year, we at St Nicholas Church, collect toys and toiletries to go to IDAS to support women and children affected by domestic violence. This year we instead collected money and bought supermarket gift tokens so that the women could get the gifts they needed.

## Angels

Why not put an angel, home-made or bought, up in your window as a sign of light and hope in this Christmas season for people to see as they walk around our Villages.

## St Nicholas Church Preparations for Christmas

The Nativity figures will begin their journey to Bethlehem on Thursday 17th December, when the Christmas Tree will also be put up.

Do visit St Nicholas Church on Thursdays 9.30 to 12.00 and Sundays 2.00 to 4.00pm.

St Nicholas will also be open for prayer on Christmas Day after the Christmas Morning services until mid-afternoon.

## Christmas Break

**There will be no online service, morning prayer or compline in the week between Christmas and New Year.**

This is to give the clergy and other church staff and volunteers a well-needed break!

## St Nicholas Church Mission Statement

The PCC of St Nicholas church has formulated its mission statement for 2020/2021. It summarises our overall purpose as a church serving its community. It is intentionally short in the hope it is memorable...

### 'A Christ-like presence with the people of Dunnington'

It is supported by a rationale which explains that this is our mission statement because...

**'We believe that, in Jesus, God has revealed the most compelling way to be fully human and fully alive. God is calling us to respond to His love, to flourish as a community and to practise the way of Jesus filled with his Spirit and rooted in the Bible and the Holy Sacraments.'**

We aim to embody this by being a church community that shows and shares the love of Jesus by providing to all:

- A **home** of encounter, acceptance, safety, warmth and shelter
- A **place** of refuge for those who are struggling
- An **opportunity** for community enrichment
- An **inspiration** for worship, repentance, restoration, holiness and love
- An **oasis** for spiritual well-being, nourishment and transformation in the aftermath of a global pandemic
- A **commitment** to justice and the care of God's creation

This document has emerged from the extensive work carried out by the PCC through its engagement with the programme 'Leading Your Church Into Growth' and is intended to capture the very heart of this work.

Watch out for updates in the future about how we are putting it into practice. If you have any ideas of how we can do this then please do get in touch.

## St Nicholas Parish Church Beyond 2020

### St Nicholas Parish Church, Dunnington launches £100K appeal "Renew, Restore, Rejuvenate"

We need to undertake major building work to ensure our much-loved historic village church can be preserved into the future providing a place for worship and much valued community activities. Most significantly the Tower Room roof needs a complete rebuild and the heating system needs replacing. Taking this opportunity to improve the church's environmental footprint is an important objective.

As you appreciate this work is well beyond our normal maintenance and improvements budget. While we will be applying for grants to help with the work it is clear we are going to have to raise a significant amount of funds ourselves.

We would love to have the support of the whole village in taking this work forward, which will help our case with approaching external funding providers. Expressions of support help and ideas on how we might develop the church would be much appreciated.

If you were able to provide a financial donation to help, to make this project happen this will be very welcome. Cash or cheques (made payable to Dunnington PCC) can be put through the Rectory Letterbox (Church Street) or via your normal church contacts. Please mark the envelope with "fabric donation". This will ensure your donation is assigned to the fabric fund used specifically for this work.

Donations can also be made online via the St Nicholas Church Dunnington website [stnicholasdunnington.org.uk](http://stnicholasdunnington.org.uk).

Click on the link [goldengiving Fabric](#) on our home page and your gift will be tagged as specifically for this purpose.

Thanking you in anticipation of your help with this. By the village working together on this investment we can ensure our church is renewed, restored, and rejuvenated to serve ourselves and future generations.

## 'Abiding in Christ'

### Week of Prayer for Christian Unity

Every year churches of different denominations gather for worship and prayer between 18th and 25th January. In Dunnington we usually invite those from different denominations to share in worship together.

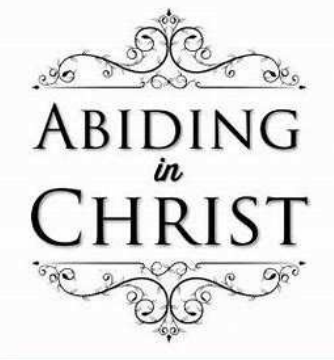

This year there will be an online service with Bishop Alison, Bishop of Hull as the preacher.

The sisters of the Community of Grandchamp, in Switzerland, were invited by the World Council of Churches to produce material for this year's week of prayer.

Bob Fyffe, General Secretary, Churches Together in Britain and Ireland, says of the material:

*'They have offered something uniquely precious: an opportunity to engage with a form of prayer that is both very ancient and yet at the same time so apposite for our times. The ancient rhythm of prayer found in many religious orders and their traditions teach us that when we pray, we pray not just on our own or with those who share the same physical space, but with the whole Church, the Body of Christ, of Christians in other places and in different times.*

*Their tradition of prayer and spirituality, despite the things that hurt and separate us, invites us into shared prayer and silence together. Surely a most precious gift in troubled times. Come with us this Week of Prayer for Christian Unity and enter into a place of community and blessing. Simply "be" in this place and be carried by the prayer and the reality that it is God, in Christ and through the Holy Spirit, who carries us and accompanies us. Always.'*

## "The Fallen" - Remembered

The Bomber Crash at Holtby (part 3). The seven RAF aircrew members who all died in this incident on 8 Sep 1942 were, like many others, brave young men flying in aircraft built only for a deadly purpose in war, and were exposed to lethal risk on every flight. Their homes were not in this village, but it was here they fell. Two more of the seven are described below – others next month.

The observer on W1228 was 123276 Pilot Officer **Arnold Robson**, age 26. He was born on 25 Nov 1915 in Tow Law, Co. Durham, to William B. Robson and his wife Laura (Walton) who had married there in 1913. Arnold joined the RAF Volunteer Reserve, and was granted an emergency commission as Pilot Officer (Observer) on 7 Mar 1942.

His home was in Howden-le-Wear, County Durham, and his body was buried in St Mary's Churchyard there. His war grave is in front of the church entrance, where the headstone bears the epitaph "Worthy of everlasting remembrance" as requested by his parents.

Arnold had a brother William; and a sister Edith who married Frederick Baker in 1942 in Chester-le-Street, had a son and a daughter, and died there in 2000. Following the crash, Arnold was posthumously promoted to substantive rank of Flying Officer on 1 Oct 1942.

778696 Sgt **Cecil Richard Rundle**, age 31, was an Air Gunner on the bomber, possibly the Rear Gunner at the tail of the aircraft. He was born on 2 Mar 1912 in Ghanzi, Botswana, Africa, and was the eldest in a family of four children born to Frank Wallis Rundle and his wife Maria Petronella (Van Niekerk) of Southern Rhodesia.

Cecil worked as a handyman. He joined the RAF Volunteer Reserve in Rhodesia, and enlisted there for war service – one of the many who came from territories overseas to fight as part of the British and Allied Forces in the Second World War.

His grave is in the war cemetery section of St Catherine's Churchyard at Barmby Moor.

### Holtby Village Hall Management Committee

Registered Charity No 1190336

Holtby Village Hall Management Committee has recently been registered as a Charitable Incorporated Organisation. This gives it a formal and legal basis for its ongoing administration of Village Hall matters.

As a committee, we expect to meet charity requirements of responsibility, accountability, and transparency when carrying out our role, and to continue to provide a facility which is a public benefit in our community.

Our formal objective is therefore

*“The provision and maintenance of a Village Hall for the use of the inhabitants of Holtby and the surrounding area (defined as a 2.5 mile radius of Holtby), without distinction of political, religious or other opinions, including use for*

- a) *Meetings, lectures and classes*
- b) *Other forms of recreation and leisure time occupation, provided in the interests of social welfare with the object of improving the conditions of life of the inhabitants.”*

The trustees of the charity are Chris Spedding, Chris Utley, Mairi Bailes, Dave Bailes and Bernard Simpson.

We look forward to being able to re-open in 2021 so we can once more open the Hall to provide a focus for leisure time activities for the local community.

You can find more out about our CIO online at [www.gov.uk/charity\\_commission](http://www.gov.uk/charity_commission) by clicking on ‘Find a charity’ and entering Holtby Village Hall.

### Stockton on the Forest Village Hall—2020 Review

The Village hall committee would like to take this opportunity to say a huge thank you to Denby and Jill Hawkins who are retiring at the end of this year. They have been heavily involved with the running of the hall for many, many years and will be greatly missed in their current roles as Chairman/Clerk of Works and Bookings Secretary. We wish them all the very best for the future.

The position of Bookings Secretary is still vacant for 2021. Can you spare a few hours a week to help your community? If you would be interested in getting involved please get in touch. We are looking to move the village hall diary to an online bookings system so this voluntary role could be run as a job share. Expenses paid and full training will be given.

As for the hall itself the committee have been very busy behind the scenes this year. During the first lockdown the heating system boilers and control systems were replaced with an energy efficient, split room system and the asbestos was removed. This was a huge expense but has made the hall fit for many years ahead.

Ready for the reopening in June a full covid-19 risk assessment was produced and the hire agreements modified. Sanitising stations and signage has been provided throughout the hall and we even have our own venue QR code. Very sadly due to the restrictions most of the regular village societies were not able to recommence meetings in the summer but we have been ticking over with a few exercise classes, some one off bookings and the NHS Blood Donors Service who are now a regular visitor.

The diary is filling up for 2021 with all the regular village groups hoping to be able to return in the New Year, fingers crossed we will all be back together again soon.

## Foil for Snappy

This year has been really difficult for everyone but throughout the pandemic my handful of volunteers and I have continued to collect the aluminium recycling from across the city to raise much needed funds for Snappy, when all their main fundraising opportunities had been cancelled. In fact recycling rates went up during the lockdown and this year we will have collected more metal recycling than in any other year so far.

At the beginning of December I launched my annual Christmas recycling campaign 'Eat the pies, Save the foil' to encourage everyone in York to recycle their mince pie cases, other aluminium foil, drinks cans, broken Christmas tree lights and household cables to help raise money for The Snappy Trust.

We know that money is very tight for lots of people, and that lots of charities are struggling, but we are hoping that people will be happy to donate their 'rubbish' to help us to help Snappy. A single mince pie case weighs less than one gram but if everyone in York saved just one mince pie case we would collect 200,000 cases which then becomes a significant amount of metal to recycle.

I read that it is estimated around 370 million mince pies will be eaten in the UK this festive season which is potentially 240 tonnes of aluminium foil pie cases that could, and should, be recycled.

The nearest outdoor collection bins are in the recycling areas at Deans Garden Centre, Sainsbury's and Asda Monks Cross. Some of the benefice churches also have collection points.

## Luke 2:8-20

And there were shepherds living out in the fields near by, keeping watch over their flocks at night. An angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were terrified. But the angel said to them, 'Do not be afraid. I bring you good news that will cause great joy for all the people. Today in the town of David a Saviour has been born to you; he is the Messiah, the Lord. This will be a sign to you: you will find a baby wrapped in cloths and lying in a manger.'

Suddenly a great company of the heavenly host appeared with the angel, praising God and saying,

**'Glory to God in the highest heaven,  
and on earth peace to those on whom his favour rests.'**

When the angels had left them and gone into heaven, the shepherds said to one another, 'Let's go to Bethlehem and see this thing that has happened, which the Lord has told us about.'

So they hurried off and found Mary and Joseph, and the baby, who was lying in the manger. When they had seen him, they spread the word concerning what had been told them about this child, and all who heard it were amazed at what the shepherds said to them. But Mary treasured up all these things and pondered them in her heart. The shepherds returned, glorifying and praising God for all the things they had heard and seen, which were just as they had been told.

## The Poppy Appeal 2020

This year's Poppy Appeal was very different from all previous years, with only Costcutter, the Newsagents shop and Gulf Garage on the A1079 offering poppies to the public. However, in spite of (or perhaps because of) limited availability the kind people of Dunnington, along with the churches and Parish Council, seem to have been extra generous this year resulting in a total collection of £921.

This is a remarkable 84% of last year's total and an extraordinary achievement in the circumstances! On behalf of both the Royal British Legion and for myself, I wish to thank everyone for their wonderful generosity and continued support.

### Supporting York Against Cancer

Ann, our chair lady, presented a cheque for £7000 to York Against Cancer. This is normally presented at our November coffee morning. This is a brilliant achievement considering the shop has been closed for many months.

We would like to wish all our customers a happy and healthy 2021, and hope that we can open our shop early in the new year.

## Derwent Lions Rocking Rudolph

After giving the matter much consideration, we have decided that Rocking Rudolph will not be visiting the villages this year collecting money for good causes. Ethically, given the current situation, it does not feel appropriate and this is compounded by the risks of an inability to comply with the Covid Rules on Social Distancing and Rule of 6, together with safeguarding our volunteers. This will be the first time in at least 30 years years that Rudolph has not been touring the villages in our patch but we trust you will understand the reasons for this.

It may be possible to arrange some small scale visits to schools and Care Homes and we will be contacting these establishments regarding this.

We are also working on some on-line ideas, so please keep up to date by visiting <https://derwent.lionsclub.co>

If you would like to donate to Derwent Lions so that we can continue to provide financial support to good causes, including local foodbanks, please see our Just Giving page via the above website. Any donations will be most gratefully received.

## Derwent Lions Christmas Tree Recycling

raising funds for St Leonards Hospice

Following the success of last years' collections, on **Saturday 9th January** 2021 Derwent Lions will be recycling Christmas trees in Dunnington.

If you book your collection through our website, we'll collect your tree from your house, recycle it and save you getting needles all over your car! This year, all proceeds will go to St Leonards Hospice. Like other charities, they have been greatly affected by being unable to host their usual fund-raising activities.

Once you've booked your tree collection online, and in advance of 9/10th January weekend, it would help us if trees could be placed outside to allow our volunteers to collect while complying with social distancing rules.

Our colleagues in "Just Helping" will be emailing people who have used our service last year with further details.

Please see <https://derwent.lionsclub.co/> more information. The preferred option for payment is via the web site, but if that's not for you, contact us via email [Derwentlions@gmail.com](mailto:Derwentlions@gmail.com) or ring Lion John on 0345 833 2816.

Derwent Lions are very grateful to all the help Toby Johnson, Tree Surgeon, gives us with this project.

The collection is obviously dependent on Covid regulations at the time allowing us to complete the collection.

## Dunnington WI

Following on from a successful Annual Meeting in November on Zoom, we recently held our first Zoom monthly meeting.

Committee members talked about what they had been doing in lockdown. Barbara Harrison told us about their Italian adventure, with stunning photographs. Christine Fisher told us about her bead work showing us examples of what she had made. Christine Bayne told us about items she is selling to help women in Mongolia. Margaret Eastwood spoke about their cycling adventures. Audrey Willits talked about her walking and how peaceful it was. Elaine Barr told us how her retirement plans and daughter's wedding had to be put on hold. Meg North told us about her treasures shelf which is full of keepsakes from the past. We would love to hear from members about their experiences during lockdown.

Our next Zoom meeting is on **Tuesday 5th January** at 7pm when we will discuss the resolutions and vote on them. Details of these can be found on page 23 of the latest W.I. Life magazine, please do read them and join us on 5th January. Even if you can't join us we do need your vote.

Wishing you a peaceful Christmas & all good wishes for 2021

Stay safe and keep well.

## Improving our Environment and Boosting Biodiversity

The Parish Council would like to say a huge thank you to all the local volunteers who helped prepare the ground and plant a new hedge along the western edge of Dunnington Cemetery in Eastfield Lane. Our initial plan of a big working party was quickly changed to working in pairs over a much longer period to comply with Covid-19 requirements.

This project was generated by the enthusiasm of Juliet, Steve and Derek who are keen to promote more tree planting in our area. They presented some ideas at a Parish Council meeting last year and we agreed to look at the land that we owned. The Cemetery Group was tasked with taking this forward and planting is almost complete.

The Woodland Trust provided two large hedge packs free of charge – a total of 820 saplings. A Wildlife Pack plus a Year-Round Colour Pack were chosen so the range of plants includes hawthorn, dogwood, wild cherry, silver birch, rowan, hazel, blackthorn and common oak. Some saplings will also be used to in fill in the gaps on the eastern boundary hedge. In years to come these will not only provide beautiful blossoms and bright berries, they will also supply food and shelter for wildlife.

A new Yew hedge was also planted running east to west to mark out the phase two section of the cemetery. This has been funded by a Ward Grant from City of York Council.

Most of the planting was done over the weekend of 28 and 29 November and although it was a bit damp, the chat was cheery and everyone worked too hard to be cold.

We hope our efforts will inspire residents to think about planting for insects and wildlife the next time a new garden project comes to mind – and if you already do this, thank you.

If you want to know more about what the Woodland Trust can provide, from individual trees to small and large packs, you will find more information here - <https://shop.woodlandtrust.org.uk/tree-mixes-and-packs>

In the meantime, the Parish Council will continue to look at more options for parish council land so watch this space!

## Nurturing Nature on our Local Patch

Many of us have sought solace in nature during these troubled times. On our doorstep, we are lucky to have Hassacarr Nature Reserve, the Millennium Garden, Hagg Wood, Holtby Wood, our churchyards and greens, our footpaths, mature trees, and hedge-lined lanes.

At the start of National Tree Week <https://treecouncil.org.uk/>, 14 volunteers (from 8-80 years of age) and a representative of Treemendous York <https://www.treemendousyork.com> braved a cold and damp weekend to give a little back to nature. Working in pairs and observing recommended precautions re COVID, they set to work on two new hedges in the Cemetery at Eastfield Lane.

Extending the pre-existing hedge along the West side by 110 metres, a mixed, native, deciduous hedge of 700 saplings has been planted. The species were selected for their support for wildlife (e.g. caterpillar-food foliage, pollinator-friendly flowers and berries for birds) but will also provide year-round colour. Every 6 metres a tree will be allowed to grow up to full height. The second hedge of about 250 yew will extend from East to West covering 50 metres. As an evergreen, yew provides vital shelter through the winter. It has been agreed with the Parish Council that both hedges will be managed for wildlife.

Many thanks to Derek Utley (resident 'Woodland Creation Champion') for procuring saplings from The Woodland Trust and advising on planting arrangements, to Steve Ashby for undertaking the arduous admin and to John Eastwood for rotavating the hedge lines. Much appreciation goes to the Parish Council, especially Liz Turnbull (Parish Council Environment Group), for their enthusiasm and support, for securing a ward grant for the project and for providing a large bottle of... hand gel. We have enjoyed working together and look forward to teaming-up for future projects.

Of course, it couldn't have been done without our volunteers so a big thank you to them too.

In the near future, we hope to provide more opportunities for our residents to be involved in community-led, wildlife-friendly activities to restore and enhance our local patch for the benefit of everyone. Watch this green space...

## 2<sup>nd</sup> Tuesday Rides from Dunnington

The small group of cyclists go out on the 2nd Tuesday of the month leaving the Cross Keys at 10:30am for a ride of about 10 miles.

The January ride is on **Tuesday 5th January**, weather and circumstances permitting. Hopefully we will be able to stop for a drink and snack. However due to the ever changing situation probably best to bring a drink and snack with you. Helmets and bright coloured jackets are recommended and please bring a spare inner tube with you in case of puncture. Do come and join us. Any queries to Margaret Eastwood 07791 599661.

Wishing you all a peaceful Christmas and very best wishes for 2021

## Dunnington Playing Field Association

An understatement to say it has been a difficult year but at least sport has resumed again.

Each section has put in a lot of work to ensure that covid rules are adhered to and we hope everyone who participates is enjoying their favoured sport in a safe environment.

Maintaining the Sports Club has been more of a challenge and we would like to thank those that have supported us when we have been open. Grants from Sport England and YCC have assisted us financially.

**We are hoping that we can hold some functions with food being part of the occasion.** We will be putting notices on Facebook/the website and around the village. Families can still do the **BOXING DAY WALK** and I am hoping to raise some money for Alzheimer's Research and MIND.

We are still looking for a Chair for the Playing Fields Management Committee. Full support will be given to ensure a smooth transition.

A little history – the land was purchased in 1948 following some forward thinking villagers who raised money to invest in War Savings then augmented it by raising surplus funds from the Home Guard (Dad's Army). It is held in trust by the Parish Council for the purposes of Physical Training and Recreation. The Playing Fields Management Committee was formalized in 1974 to manage the facility on behalf of the Parish Council.

Thank you again for your support.

## Hassacarr Nature Reserve

The past year has been a challenging one for the Dunnington Conservation Group due to Covid restrictions; however a small group of dedicated volunteers has managed to carry out essential work to keep the reserve open to the public and for the benefit of wildlife.

This is the first year we have not had any groups of children and naturalists visiting the reserve. We had to cancel the York Ornithological Club, Dunnington Brownies and Cubs; since we started in 1993 we have had around 5,000 children at the reserve enjoying activities such as pond dipping, mini-beasts, learning about identifying wild flowers and other wildlife as well as participating in arts and crafts.

With the restrictions in place we noticed an increase in numbers of dog walkers as well as young families who seemed genuinely interested in wildlife. Their interest meant we have had to keep topping up our leaflet holders.

Breeding bird numbers were down this year; this may have been down to the increased footfall or the very dry spring. For the first time we had a pair of Spotted flycatchers nesting but unfortunately they chose to build a nest close to the boardwalk, the busiest part of the reserve (groups meeting and some people letting their dogs in the water despite the request to keep dogs on lead). This resulted in the birds abandoning the nest. Vandalism was mainly limited to the life belt, provided as a life saver, being thrown into the pond during the school holidays. On a more positive note our Tawny owls raised two young; blackcap, chiffchaff, song thrush and long tailed tit were successful; and we recorded our 21st species from the Odonata genus - a hairy dragonfly.

Other interesting wildlife recorded throughout the year included: little egret catching and eating a broad bodied chaser, a female; mallard eating a great crested newt; and a socially distanced fox and grey cat staring at one another. Kingfisher was regularly seen as were kestrel, sparrowhawk and barn owl. Butterflies had a good year as we had sightings of most of the 23 species recorded at the reserve.

Now that winter is here as you take your daily exercise around the village and reserve look out for winter thrushes such as redwing, fieldfare, blackbirds and song thrushes feeding on berries, as well as siskin and redpoll feasting on alder and silver birch seeds. Along the ditches look for water vole, snipe, little egret or the blue flash of a kingfisher.

Stay safe, stay local and respect our endangered wildlife by keeping all dogs on a lead when walking alongside hedgerows and our nature reserve.

## Dunnington NSPCC Committee Closes

Sadly, after over 50 years, the Dunnington NSPCC Volunteer Fundraising Committee is closing.

The committee has been dedicated to raising funds to support the vital work of the National Society for the Prevention of Cruelty to Children. It is the leading children's charity in the UK specialising in child protection and is governed by a Royal Charter first granted by Queen Victoria in 1895.

Unfortunately, as time has gone on, we have not been successful in recruiting enough new members to our committee to replace those that have passed away or are no longer able to be active.

Over the years the committee has put on a variety of events such as Hidden Gardens, brass band concerts and talks and we have always appreciated the amazing support that we have received.

Businesses have displayed our posters. The Newsagents have also sold our tickets, the Dunnington Reading Room Committee have enabled us to put on events in the village hall and those that work on the Grapevine and the village Facebook page have helped us by advertising our functions.

Members of the public have assisted us in a range of ways including giving donations, opening their gardens, attending our events, and helping with refreshments or to set up and clear away.

Thank you to all of you that have helped us. All monies raised from our events went directly to the NSPCC and your contributions enabled them to be there to help vulnerable children at a time of need.

I would also like to publicly thank the committee members past and present who have dedicated their time and effort to put on events and raise funds to support the charity's important work.

Unfortunately, the need for the NSPCC is still there. During lockdown, 50 children a day turned to Childline after suffering abuse and neglect.

Although the Dunnington committee is closing there are various national fundraising initiatives. Anyone wishing to find out more about the NSPCC or continue to support this national charity can do so by going online at: <https://www.nspcc.org.uk>

Our Local Fundraising Manager Jackie Dawson would also be happy to hear from you if you wished to contact her at: [Jackie.Dawson@NSPCC.org.uk](mailto:Jackie.Dawson@NSPCC.org.uk)

I hope you all stay safe and well.

## Dunnington and Holtby Health Walks

A recent meeting of York Health Walk leaders showed a little light at the end of the tunnel of darkness we've been going through. And the amazing success of the clinical trials of a new vaccine have shed rays of hope. But, as with the Coronavirus itself, caution is recommended.

*Happy Days*

## Dunnington in Bloom

Despite this being the strangest Christmas that most of can remember, in Dunnington one festive element at least is unchanged – our famous display of Christmas trees. It was good to see them being put in place at the end of November, in keeping with the general feeling that Christmas may not be as we would wish, but no one can prevent us from starting it a little earlier than usual!

Thank you to all have put their backs into the endless outdoor jobs that mean Dunnington has looked as good as ever during this difficult year. We look very cautiously forward to the possibility of a better New Year for everyone. There will be spring bulbs, new life in the tubs on Church Street and York Street, preparations for hanging baskets in due course. The natural world, such a saving grace for many in the last few months, will revive us and the Bloom team will be active whatever the weather.

## FRIENDS OF HAGG WOOD

Our Community Woodland of Hagg Wood is a very valuable local natural environment that we need to protect and cherish. It provides plenty of green open space and fresh air for all to enjoy, with accompanying physical and mental benefits within each potential reach of Dunnington. However, to do this it needs to be readily accessible to all in our local community, including young and old, and the able and less able. It is a very great pity that access to it has been blocked along the main footpath from Intake Lane for over a year now, causing considerable inconvenience to many local people. This has also had the counter-productive effect of causing some people to decide to drive and park at the end of Intake Lane in order to make their walk further afield more manageable, though with Dunnington Parish Council now tackling this problem in a sensible way. If only we lived in more enlightened times when all local residents could easily access our local Community Woodland.

Let us hope that the generous Spirit of Christmas becomes more dominant than barricades along the path to human enjoyment, and the New Year brings more Joy than the darker days we have been experiencing in recent months. We look forward to Spring when numerous wild flowers can add to this beauty, and to a happier future when our Conservation Working Parties can be resumed. As soon as we safely can, we will also plan our regular trips to beautiful destinations and meetings with interesting talks. We always welcome new members, including young people wanting to protect and enhance our local environment for everyone's better future. Please visit our website [www.fohw.org.uk](http://www.fohw.org.uk) for further details of how to join us. Have a look also at the Countryfile website [www.plantbritain.co.uk](http://www.plantbritain.co.uk) for how, even in your own garden or green space, you can contribute towards a healthier and greener future.

If you have not already been in touch with us about the disruptive path blockage from Intake Lane, please do get in touch via our website <https://haggwood.wordpress.com/contact/> or by writing to FHW, 5 Church Lane, Dunnington, YO19 5PT. But even if you have contacted us in this way, you still need to fill in a User Evidence form that we can present to the Planning Inspectorate to assist our public footpath claim so please email [davidmays10@gmail.com](mailto:davidmays10@gmail.com) for a form so that you can play your full part in achieving a successful outcome in 2021.

## Trees and Christmas

Trees are far older than Homo Sapiens, and clearly a lot bigger. They give us food, fuel, building material and tools; they provide a place for relaxation, leisure and exercise; and, by a seemingly magical process convert the carbon we create into life-giving oxygen. And you can probably think of lots of other benefits they confer on us. They share 25% of our DNA, so it's not surprising that they play a vital part in our history and in our culture. They remind us of the passage of the seasons, particularly at Christmas, the tip-up point between darkness and light, fading and resurgence.

Early Christians attributed the birth of Christ to this period, toning down some of the pagan habits of feasting, and retaining the celebration of evergreen trees. So the berries of the holly represented the blood of Christ, and its branches the crown of thorns, while ivy and mistletoe had the ever-popular erotic connections.

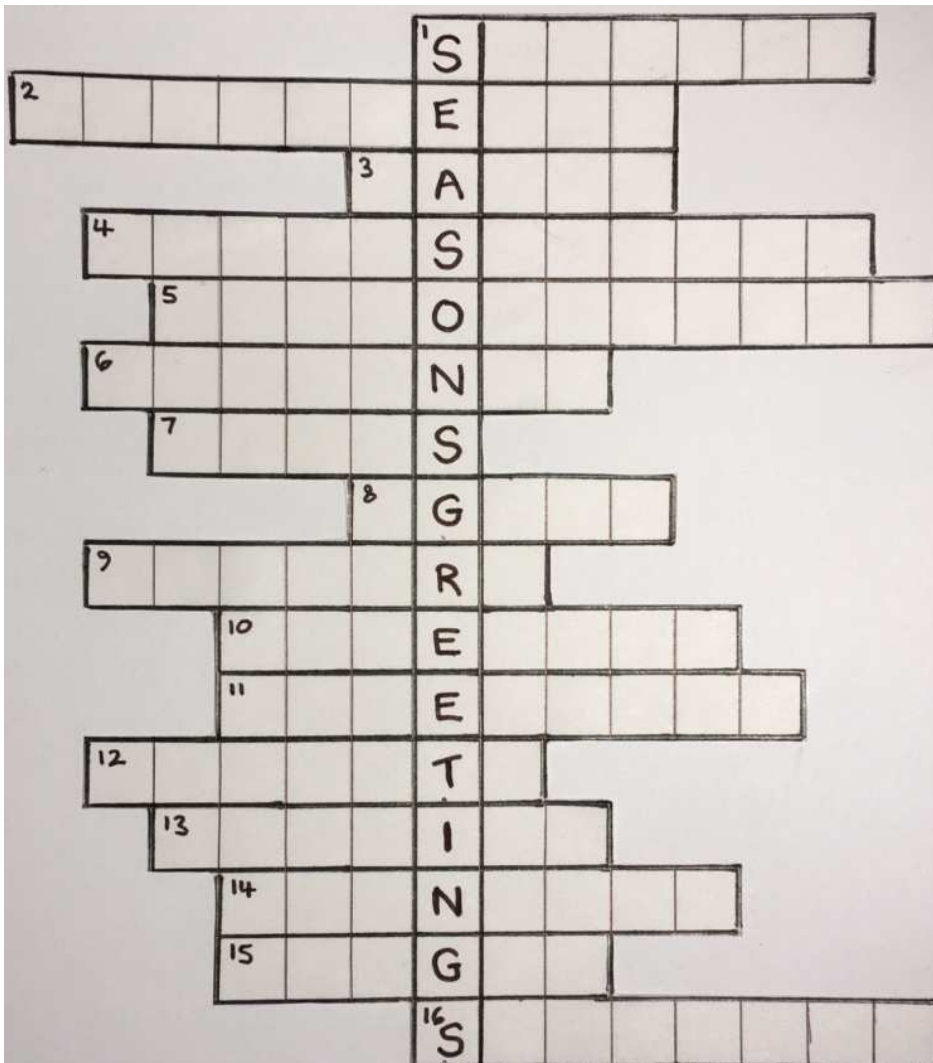

And of course Prince Albert introduced to our country the erection of a stout green tree which reminded us of the greenery soon to reappear in our woodlands.

### Subscriptions to THE GRAPEVINE

To receive a copy of the Grapevine delivered to your door every month, contact Barry Hewitt 01904 488331. At £4.00 for the year this is not only more convenient, but also cheaper than buying individual copies.

Alternatively, you can buy a copy in any of the four parish churches, Dean's Garden Centre, Dunnington Newsagents or Stockton Village Stores.
