Children's Newsletter

There are lots of special days to celebrate this week. On Wednesday it is the Queen's birthday, on Thursday it is World Earth Day and on Friday it is St George's Day and I'm also sure that some of you will have birthdays to celebrate too. The world is an amazing place to live, with wonderful places to explore and visit, even in our local towns and villages. God created our world in just 7 days (well he had a bit of a rest on Day 7) and he asked us to look after it for him. I wonder what you could do this week to look after our planet. Could you maybe recycle or make a home for bugs, every little helps. Have a great week.

God Bless.
Lisa

Joke Book

What did the policeman say to his tummy?

Freeze! You're under a vest!

Where do horses live?

Neigghhh-bourhoods!

Our next Family Service is on Sunday May 2nd at 4pm and we're all really excited as we are going to be meeting together in St Nicholas's Church to celebrate. We are going to have a 'Bring your own picnic' together outside after the service (weather permitting). More details to follow. Don't forget to save the date!

Prayer Corner

Dear God
Please make my life a little light
within the world to glow and
Bless all children throughout the
world,
Today and always.
Amen

and

Take Away Refreshments available
Tower Room, St Nicholas Church

Profit from this event towards funds to keep us
warm and dry at St Nicholas Church

Salt Painting Cross

You will need:

Black paper
Table salt
Glue
Watercolour Paints & Paintbrush

1. Draw your picture on the black paper using the white glue. If you don't want to make a cross you can decide on your design but keep to simple outlines as it works better.
2. Next sprinkle salt all over the glue.
3. Pour off the excess salt. You don't need to leave it to dry before painting.
4. Start painting with your watercolour paint gently on top of the salt and watch what happens to the colours.

Can you find the hidden objects in the picture?

Jesus Is Alive! Hidden Pictures

Find each of these items hidden in the picture: snake, magnet, horseshoe, lemon, shovel, ice cream cone, hat, star, eye, butterfly, and a bugle. When you find all the items, you may color the picture.
